Mr. Collins' Will.
 Much interest is manifested in the will left by the late T. D. Collins. It is known that the deceased executed a will in California while on one of his visits to that state in 1910, but as to its contents or whom he has named as his executor will not be known until the instrument is recorded in this county. We understand it, or a certified copy, is now on the way, and should reach here within the next two days. It is known, also, that his son, Everett S. Collins, will carry out his father's desires, so far as lies in his power, relative to his benevolence, whether these desires are expressed in writing or given verbally to trusted friends.
 A very complete account of Mr. Collins' life and the funeral services will be found on the first page of this paper.

—Sounds good to hear the whistle of the big Coleman mill at Johns run once more of a morning. All departments of the plant are in fine working order and a large body of men are thus given employment. Would that this industry could last indefinitely.

—Some heavy cutting in the oil market has been going on within the past week, the Pennsylvania product suffering heaviest, two 10 cent slumps having taken place, leaving the price at present \$2.30. The market had stood for a long time at \$2.50 the barrel. Other oils were also cut, leaving the prices as follows: Mercer, \$1.80; New Castle, \$1.80; Corning, \$1.50; Somerset, \$1.30.

—Friday last an important change in the history of the state normal school at Edinboro, Erie county, took place, when the state board of education assumed charge of that well known institution, one of the first schools of its kind to be established in Pennsylvania, and which has graduated many students from this county and section, some of them upward of forty years ago. There was a banquet, with large attendance, and speeches by State Supt. Schafer, Dr. Phillips, J. S. Rilling, Principal Frank Baker and other gentlemen interested in the cause of education. The people of Edinboro are greatly interested in this change of school management.

—Marienville bids fair to have a considerable boom on during the approaching season. The stock is all subscribed toward the starting of a glass factory for manufacture of bottles in that place, and the work of installing the plant by a practical man, who takes the bulk of the stock, will begin within a few days. The building erected some time ago for the starting of a wood-working plant at the expense of the local people, will be used for the glass factory and it is expected that things in that industry will be humming before the summer is far gone. It is believed the new concern will add 20 or 30 families to the town. May the people realize their fondest expectations.

—The farm barn of Samuel VanCamp, a mile east of Fryburg, Clarion county, was destroyed by fire Tuesday morning of last week. It contained a considerable quantity of hay, grain and general feed which are included in the loss. The cattle and horses were out at the time, a fact that probably lessened the loss of the owner considerably. Mrs. VanCamp had cleaned up the dooryard, then set fire to the accumulated rubbish. The fire communicated itself to the dry grass and by this means was carried to the barn. Neighbors were able to prevent the house from being burned although its destruction was threatened. Mr. VanCamp carried an insurance of \$400 which is only a small part of the total loss.

—Thomas E. Conard, aged about 22 years, and a former resident of Hickory township, was ground to pieces under a fast moving train on the P. R. R. near Altoona, last Saturday. No particulars as to the cause of the accident are given. The young man was a son of the late Thomas Conard, well remembered by many people in Hickory township, where the family resided for many years, and where he died a year ago last January. The unfortunate young man's mother resides in Franklin. It is expected that the body will be brought to East Hickory and given burial beside that of his father in the cemetery at that place. Besides the mother, one brother and several sisters, the latter residing in Indiana, survive.

—Mrs. Margaret E. Weaver, wife of Geo. Weaver, employed at Endeavor, Pa., died at the Oil City hospital Tuesday April 14, at 11:30 o'clock, following an operation performed a week previous. The deceased was apparently on the road to recovery when heart weakness developed and she sank steadily until death resulted. The deceased was born in Clarion county, March 15, 1893, and moved to Oil City about 15 years ago. Besides her husband she is survived by two sons, Claude and Bert, both of Oil City, and one daughter, Celia at home. Funeral services were held at the family home, 72 Main street, Oil City, Thursday afternoon at 2 o'clock, Rev. W. S. Mitchell, pastor of Grace church, officiating. Interment was in Grove Hill cemetery.

—There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Killed By Fall From Bridge.

John Clarke, a woodsman, was killed some time Saturday night by a fall from the approach to the east end of the Lawrence foot bridge, which spans the mouth of Tionesta creek, at the lower end of town. The unfortunate man and his brother Samuel lived alone at the mouth of Little Tionesta creek, two miles below town, where they were making ties for Daniel Crewell. He came to town shortly after six o'clock for supplies and was seen about town as late as 9:30. At about 6:45 Sunday morning J. T. Flick discovered the body lying face down under the approach to the bridge and about fifty feet from the creek. It was evident that in the darkness the man had fallen off the upper side of the footwalk which at that point is about 14 feet from the ground. There was no evidence of a struggle and no disarrangement of his clothing. The body was cold in death and no doubt he was instantly killed, as it was discovered later that his neck and collar bone were broken. "Squire C. A. Randall was summoned and after viewing the body decided that an inquest was unnecessary. The body was removed to Haslet's undertaking rooms and prepared for burial. A search of Clarke's clothing revealed the sum of 38 cents, a jack knife, corkscrew and a sack of tobacco.

John Fremont Clarke was a son of Samuel and Susan (Thompson) Clarke and was born at Greer's mill, Clarion county, March 4, 1857. The father at one time owned and operated a saw mill on Hemlock creek, this county. The deceased spent most of his life in Forest county, having been employed in the lumber woods. About 27 years ago he was married to Miss Mary Ackerman and they have five children. Their present whereabouts are unknown. He is also survived by these brothers and sisters: William O. Venus; Samuel of Tionesta; Mrs. Robert H. Mealy of Tionesta township, and Mrs. Henry Wolfe of Aberdeen, Ohio.

Through the kindness of charitable inclined persons funds were subscribed to give the deceased a respectable burial and the body was taken Tuesday afternoon for interment in the Mt. Zion Evangelical church cemetery in Tionesta township.

When it comes to peep-frogs Kelleville has one on Tionesta, for they have been entertained by the real article for over a week. The cold weather silencing them for a few days, they again appeared on Friday.

The nice weather Tuesday tempted several of the people to try out their automobiles, but they found the roads very rough. On Saturday Ora Kitch and Reed Detar ran to Mayburg in their cars, each taking a load up to take in the ball game. Wade Simpson and F. J. Henderson also tried out their new cars.

The reading given at the school house Friday evening by a young lady from Erie was enjoyed by those present, but the attendance was not great enough to make it a financial success to those in charge. They realized little more than expenses.

The musical students of Mrs. Warren Jones will give a recital in the school house Wednesday evening, April 29. The program will include pupils from Mayburg, Porkey and Kelleville. They have spent considerable time and work on preparing their program and invite everyone to come and hear the music. A silver offering will be taken to pay on the piano.

Chas. Mimm's are improving their residence with a new porch.

Several of the friends of Mrs. Maude Berlin met with her Wednesday evening, with well filled tureens and helped her celebrate her birthday.

Mrs. C. Y. Detar was a Sheffield visitor Saturday. She was accompanied home by Mrs. E. Wilson, who was her guest over Sunday.

A number of the men in town arose early Sunday morning and took a hike up the branch, returning about 6 o'clock with a good appetite for breakfast. Nothing like a morning hike to tone up the appetite.

The special train Monday morning to take the people to Mr. Collins' funeral was a half hour late coming into town.

Road Supervisors' Convention.

The Township Supervisors' Association of Forest County was organized at a well attended meeting at the Court House in Tionesta, Thursday, April 16th. Capt. J. J. Haight of Howe township, was elected president of the association, and presided at the meeting. N. P. Wheeler, Jr., of Hickory twp., and F. F. Spencer of Howe twp., were elected vice president; Geo. L. King of Harmony twp. was elected secretary, and Wm. Korb of Tionesta twp., treasurer.

Among the state officials present were E. A. Jones of the State Highway department, Harrisburg, Pa.; T. C. Frame, of Warren, assistant engineer in charge of this district, and Paul Brubaker, superintendent of highways, of Harrisburg. Mr. Jones gave some very lucid talks on road matters, saying that the object of township organizations such as this one was to bring about a harmonious action throughout the state, and that through the efforts of these associations better and more effective legislation on the question of good roads might be brought about.

He also explained, in answer to questions on the subject, why it was that the state highway department was powerless to go on with the work of maintaining and improving the main highways that had been taken over. There was sufficient money in the treasury to carry on the work, collected from automobile licenses, considerably over a million dollars in fact, but the auditor general would not approve the warrants because these funds had not been specifically appropriated.

Mandamus proceedings had been instituted to compel payments, a decision upon which by the Dauphin county court, would be forthcoming in a short time no doubt, but that the auditor general could take an appeal from this decision to the Supreme court, which, should he do so, would delay payments for several months. Thus the question of whether any work would be done on these main highways during the coming season was very uncertain.

Hon. C. A. Randall gave a short address which was well received, as did a number of others, showing the great interest manifested in good roads in this county.

Of the twenty-four supervisors of the county, seventeen were present at the meeting, as follows:
 Green township—Henry Kaman, Conrad Eikenberg, Thomas Sibbie.
 Harmony—F. M. Hoovler, James Mooney, Milton Tucker.

Hickory—Isaiah Kiffer, O. P. Lemon, N. P. Wheeler, Jr.
 Howe—J. J. Haight, F. F. Spencer, Jenks—Alex Bell, Wm. Payne, Kingsley—Joseph Brewster.

Tionesta—Henry Sibbie, William Korb, J. B. Eden.

Resolutions upon the death of Truman D. Collins were passed unanimously by the convention, following the reading of which Judge S. D. Irwin pronounced a fitting eulogy upon the life of Mr. Collins as it related to the laying out and building of roads in Forest county for the past 50 years. The resolutions follow:

Whereas, the Township Supervisors' Association of Forest county, in convention assembled at Tionesta, April 16th, 1914, has received the sad news of the death of Mr. T. D. Collins, of Nebraska, this county, Be it Resolved, as follows:

First. That we learn with deep regret of the death this morning of Mr. T. D. Collins.

Second. That we recognize in Mr. Collins one of the original promoters of the cause of good road building in Forest county, who has labored constantly throughout his life for the improvement of the roads of the county, devoting both his time and money for the cause.

Third. That we feel that the death of Mr. Collins is a serious loss to the movement for the improvement of our public roads, and that in his death we have been deprived of that ripe judgment and skill to which it has been our pleasure and privilege to turn in the years gone by.

Fourth. That these expressions of our sincere sorrow be spread upon the minutes of the Association, and given publication in the newspapers of the county.
